

Excellence in Steroidal API Solutions: Precision, Purity, Performance

Americas | Europe | Africa | Asia | Oceania

Who **We Are**

Based in Malaysia, Symbiotica is a leading niche API manufacturer specialising in steroidal, hormonal and non-steroidal compounds. We offer custom manufacturing solutions tailored to your specific needs.

We believe true success stems from symbiotic relationships built on trust and collaboration. As your strategic partner, we deliver API solutions that ensure your consumers' well-being, always with a personalised touch.

250+
Clients

70+
Countries

78+
API Products

20+
Certifications

We supply high-quality, reliable APIs to leading finished drug formulation manufacturers

Symbiotica thrives on deep R&D, chemistry and technical strengths in developing and manufacturing complex high-value APIs.

Steroids

Robust portfolio of corticoid and steroidal hormones

Non-Steroids

Niche APIs coupled with customised services

Custom Manufacturing

Tailored manufacturing solutions with scalability, ranging from 0.1 kg to over 100 kg to support development to commercial production

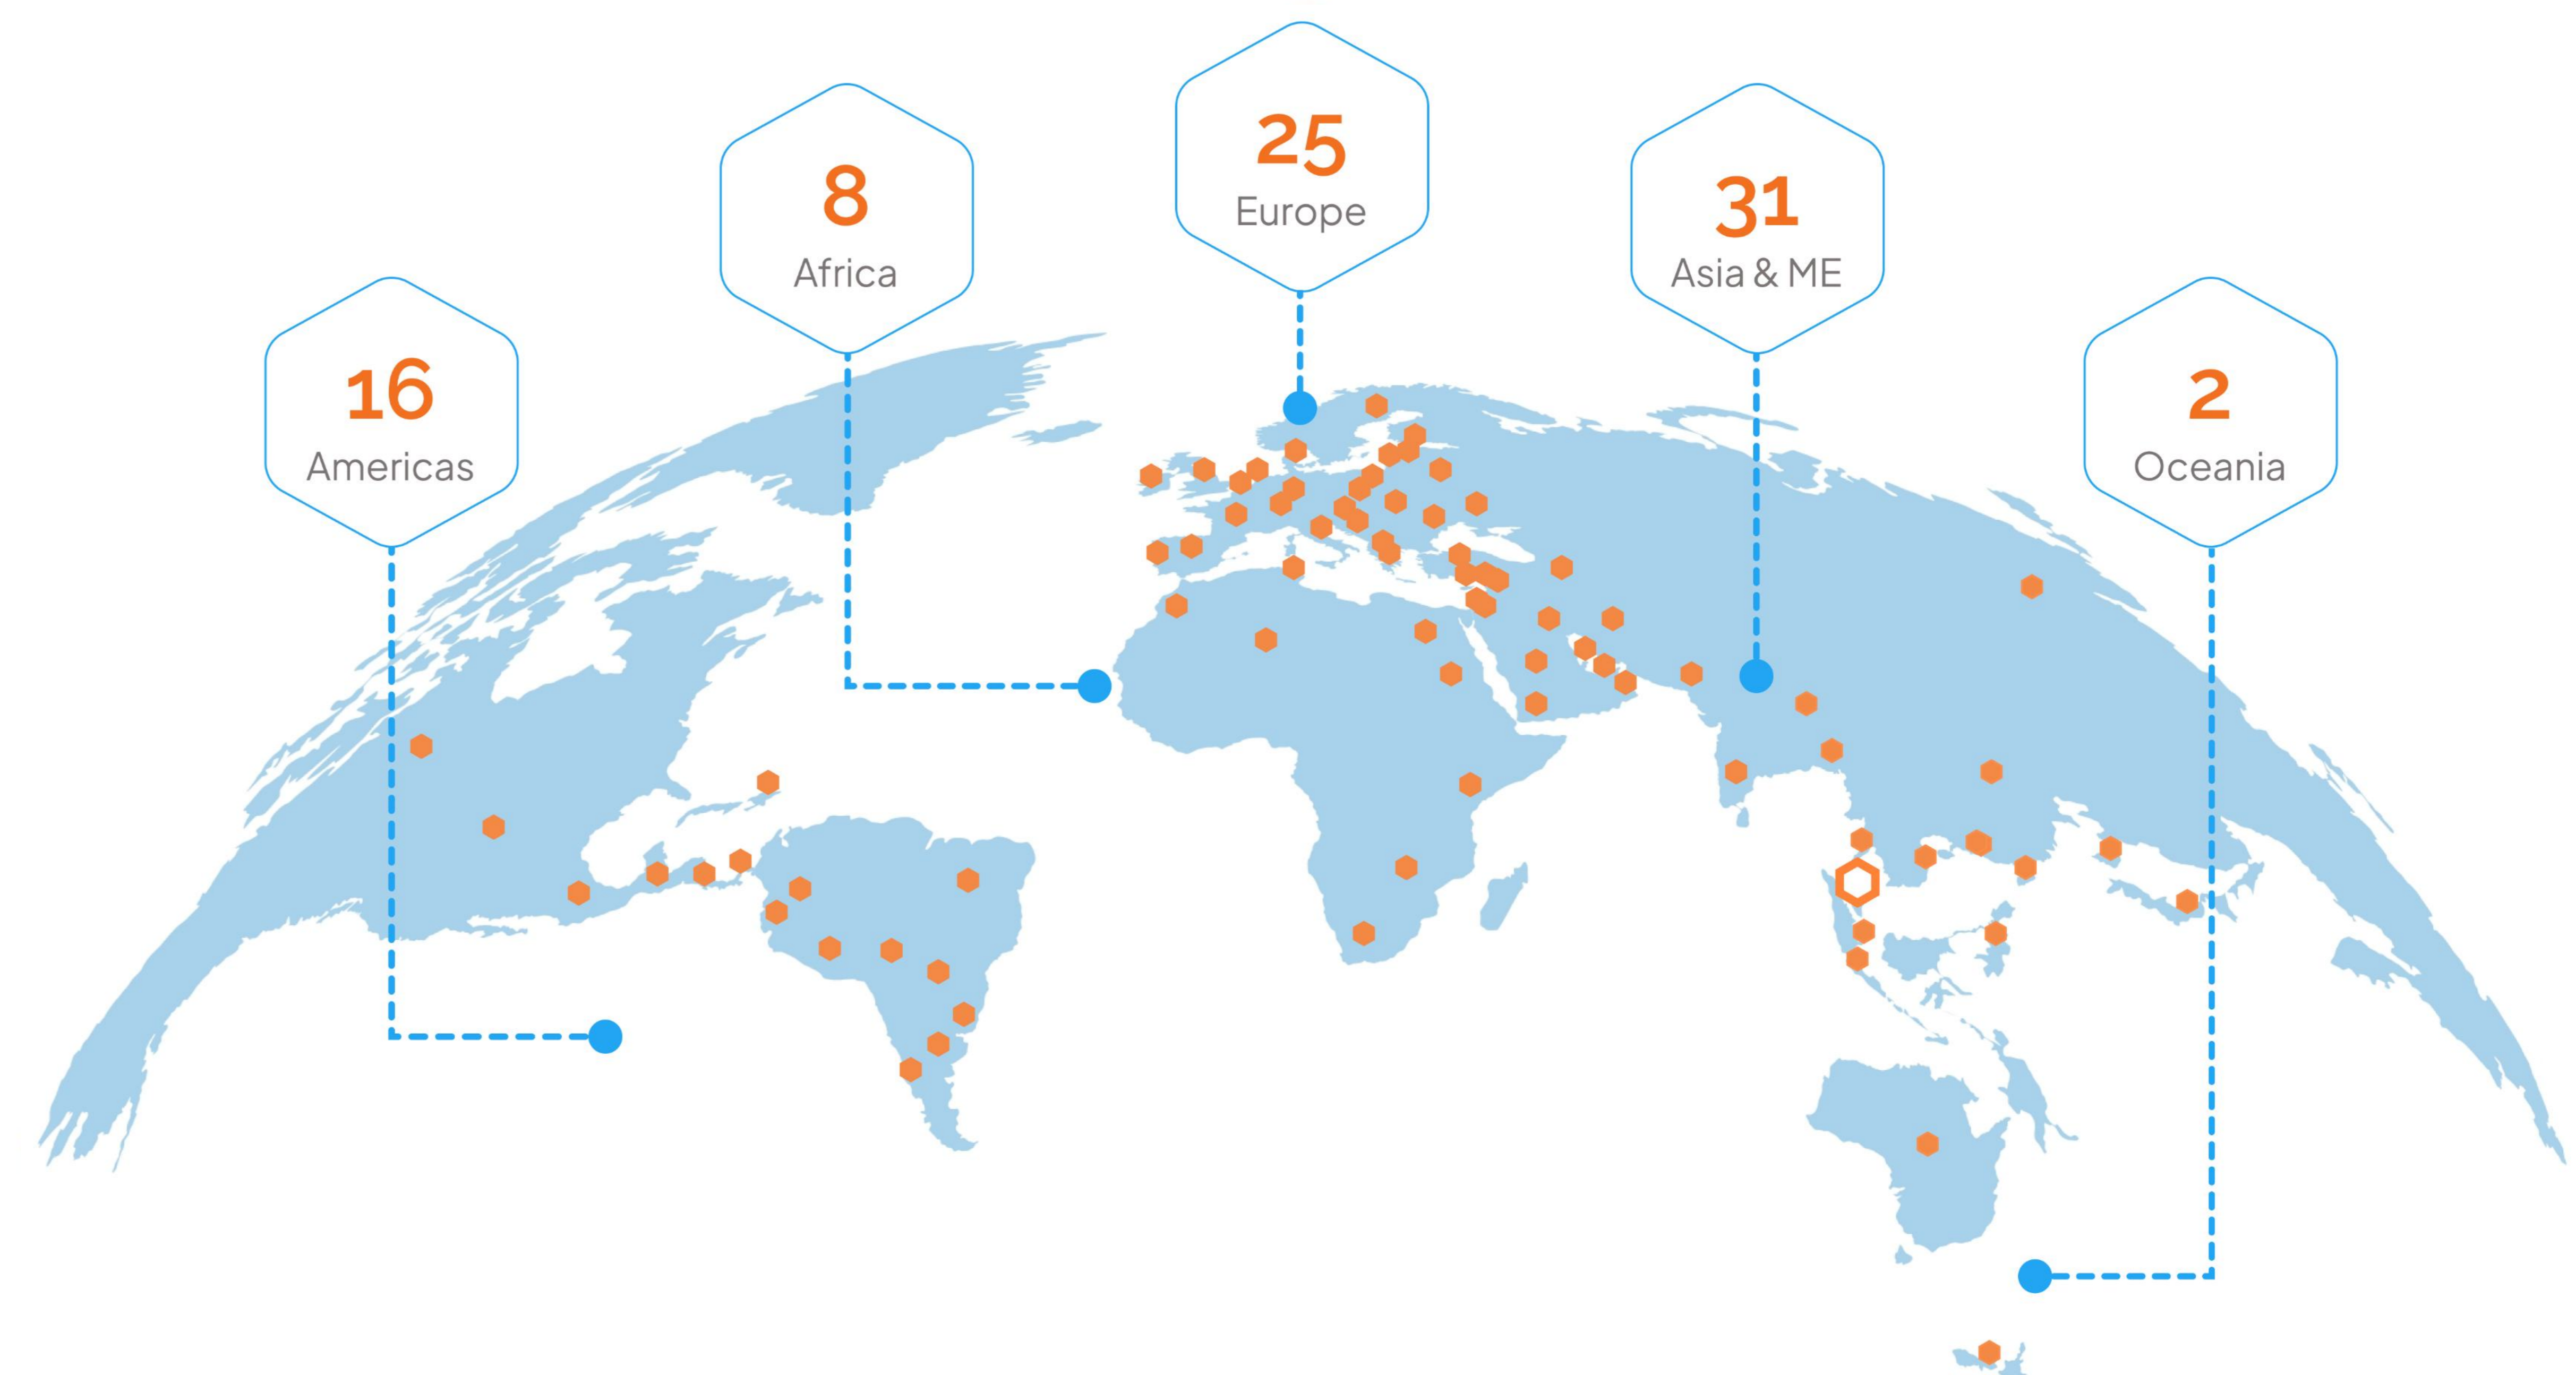

API Processes

Expertise in complex chemical processing offering versatility and flexibility, while ensuring precision and efficiency across each stage of API development to commercial production

We comply to international standards, serving regulated and emerging markets

Symbiotica is a PIC/S GMP, US FDA, PMDA and CEP certified manufacturing company. We are committed to consistently ensuring our products adhere to global standards of excellence.

With reach culture and strong trade link, we deliver reliable pharmaceutical solutions to >70 countries worldwide.

Steroids

Beclomethasone Dipropionate	CEP'24
Betamethasone Acetate	CTD
Betamethasone Dipropionate	CEP US DMF KDMF
Betamethasone Sodium Phosphate	CEP US DMF '25 KDMF
Betamethasone Valerate	CEP US DMF KDMF
Budesonide	CEP'25 US DMF '25
Clobetasone Propionate	CEP US DMF KDMF
Clobetasol Butyrate	CEP'25 J-DMF
Clostebol Acetate	CTD
Deflazacort	EU-ASMF US DMF '25
Desonide	CTD
Dexamethasone	CTD
Dexamethasone Acetate	CTD
Dexamethasone Dimethyl Butyrate (Dexamethasone Tert Butyl Acetate)	TP
Dexamethasone Dipropionate	TP
Dexamethasone Isonicotinate	CTD
Dexamethasone Palmitate	TP
Dexamethasone Phenyl Propionate	TP
Dexamethasone Pivalate (Dexamethasone Trimethyl Acetate)	TP
Dexamethasone Sodium Metasulfobenzonate	CTD
Dexamethasone Sodium Phosphate	CEP US DMF KDMF
Dexamethasone Valerate	TP
Diflorasone Diacetate	CTD
Drospirenone	CEP'25 US DMF '25
Exemestane	CEP US DMF
Flumethasone Pivalate	TP
Fluocinonide	TP

Steroids

Halobetasol Propionate	US DMF
Hydrocortisone Aceponate	CTD
Hydrocortisone Butyrate	CTD
Hydrocortisone Butyrate Propionate	TP
Hydrocortisone Hemisuccinate	CEP'25
Hydrocortisone Valerate	US DMF
Methylprednisolone Aceponate	EU-ASMF KDMF
Methylprednisolone Acetate	CTD
Methylprednisolone Hemisuccinate	CEP'25
Mometasone Furoate	CEP US DMF KDMF
Mometasone Furoate Monohydrate	CEP
Prednicarbate	CEP'23 KDMF
Prednisolone Acetate	CEP KDMF
Prednisolone Hemisuccinate	CTD
Prednisolone Pivalate	CTD
Prednisolone Sodium Metasulfobenzoate	CTD SFDA
Prednisolone Sodium Phosphate	CEP'25 US DMF '25
Prednisolone Valerate Acetate	TP
Tibolone	CEP
Triamcinolone Acetonide	CEP'25 US DMF '25
Triamcinolone Diacetate	TP
Triamcinolone Hexacetonide	TP
Trilostane	EU-ASMF

Non-Steroids

Flavoxate HCL	CTD
Pinaverium Bromide	CTD KDMF

Contractual Steroids

Betamethasone	CEP'25	US DMF '25
Boldenone Undecylenate		
Danazol		
Desogestrel	CEP'26	
Fluocinolone Acetonide		
Fluticasone Propionate	CEP'26	US DMF '26
Finasteride	CEP'26	US DMF '26
Medroxyprogesterone Acetate	CEP'27	US DMF '27
Nandrolone Decanoate		
Nandrolone Phenyl Propionate		
Norethisterone (Norethindrone)	CEP'26	US DMF '26
Norethisterone Acetate (Norethindrone Acetate)		
Norethisterone Enanthate (Norethindrone Enanthate)		
Polyestradiol Phosphate		
Prasterone Enanthate		
Testosterone	CEP'26	US DMF '26
Testosterone Cypionate		US DMF '26
Testosterone Decanoate		
Testosterone Enanthate		
Testosterone Phenyl Propionate		
Testosterone Propionate		CEP
Testosterone Undecanoate		US DMF '26

Our Environmental, Social and Governance (ESG) Initiatives

We are committed to integrating ESG as part of our core principles. Our initiatives focus on minimising the environmental impact through sustainable practices, fostering a positive social impact within the internal, external and global communities by upholding the highest ethical standards in our governance.

We prioritise responsible sourcing of raw materials, energy efficiency and waste water treatment. We support community development programs, promote employee well-being, and maintain transparent corporate governance, contributing to a sustainable and equitable future.

We are uniquely in Malaysia with highly-connected facilities

Strategically positioned as a vital bridge between East and West, offering stability and seamless connectivity to global customers supported by world class infrastructure. Our manufacturing facility is conveniently close to Penang International Airport and shipping port.
